

Gateway IRWMP Projects: What's Missing ?

Exercise Results

9/13/2012

Name	Organization	What is missing? Comments and Suggestions
Ana Ananda	Pico Rivera	Groundwater Remediation
Dan Ojeda	Lynwood	Add Lynwod to project ID #42 as we do also have 1,4 Dioxane as a problem.
Dan Ojeda	Lynwood	Add Lynwood to project ID #17 as we also need to do outfall monitoring.
Dave Hill	Central Basin	Projects with more regional emphasis.
Dave Hill	Central Basin	Recycled water storage opportunities
Dave Hill	Central Basin	Conjunctive use projects
Dave Hill	Central Basin	More infrastructure projects
Jose Molina	Lynwood	3 - Water wells treatment (manganese, iron, hydrogen sulfide).
Jose Molina	Lynwood	4 - Water wells 1,4 Dioxane.
Jose Molina	Lynwood	4 - Ground water wells - to replace existing wells which are 40 years and older.
Jose Molina	Lynwood	1 - SCADA system - replace existing system.
Jose Molina	Lynwood	1 - Reservoir replacement. Three million gallon replacement.
Mariam Torres		Comprehensive assessment (region-wide) of DAC <u>critical</u> water quality/supply needs as defined by DWR.
Marybeth Vergara	Rivers & Mtns Conservatory	Habitat Restoration in collaboration with active/passive recreation space.
Scott Rigg	Vernon	Extensive study on TMDL issues impacting the region, county, the region in large part is conducting studies that focus on specific water studies. A study should focus on the region at large.
No Name		Groundwater replenishment program by using infiltration system.
No Name		Multi-benefit projects. LA Sanitation District projects with Gateway partner.
